Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for Abernethy Green Access Project in fiscal year 2024. The entity to receive funding for this project is Oregon City, and the project would be located at 2002 Washington Street, Oregon City, OR 97045. The funding would be used for redevelopment and improvements.

The project is an appropriate use of taxpayer funds because the site once served as a waste depot for the Portland Metro area for decades and is now a priority to develop. Improvements are needed to increase safety, further the community's climate goals, and housing opportunities.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 USC 133. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Lori Chavez-DeRemer
Member of Congress
